**Kitsap Community Resources Board of Directors Statement
Referencing Internal Complaint**

Bremerton, Washington, October 6, 2021

KCR is aware of an article published by the Kitsap Sun on October 1, 2021, referencing an internal complaint against KCR's volunteer Board of Directors, including KCR President Tracy Flood. KCR's practice is to investigate all staff concerns thoroughly, and an independent investigation of the complaint referenced in the article is nearing completion.

In order to maintain the investigation's integrity, KCR Board members and staff will not comment on the specific allegations in the article while the investigation is ongoing.

In the meantime, all of KCR's Board members remain fully committed to KCR's mission. The Board is primarily focused on selecting a new Executive Director with input from staff members and community stakeholders; so that KCR can continue to provide vital support to low-income, Kitsap County neighbors for years to come.

Board of Directors, Kitsap Community Resources
