Dear Kitsap County Community,

As representatives of Kitsap Community Resources, we remain committed to serving all residents of Kitsap County. Our vision: a community where everyone has the opportunity to thrive, continues to guide our Board, Leadership team, and Organization as a whole.

In recent weeks, community members have shared feedback through social media, direct correspondence, and conversations with our organization regarding statements made by one of our Board members. We appreciate the engagement of our community and value the perspectives that have been shared.

The Board has carefully reviewed the feedback received and engaged in thoughtful discussion regarding the concerns raised, our governance responsibilities, and our ongoing commitment to the communities we serve. These conversations reflected the seriousness with which we approach public trust, accountability, and organizational leadership

Following discussion and consideration at its April 10, 2026 meeting, the Board has decided to retain its current membership while moving forward with a reevaluation of the Board Executive Committee structure and broader governance practices.

At the same time, KCR is actively working to expand and strengthen Board representation through the recruitment of additional members, including elected officials, individuals from underserved communities, and other community voices. We believe strong governance is built through diverse perspectives, accountability, and continued engagement with the communities we serve.

KCR remains firmly grounded in its mission to create hope and opportunity for Kitsap County residents by providing resources that promote stability and self-sufficiency.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tony Ives', is positioned above the printed name.

Tony Ives,
Executive Director
